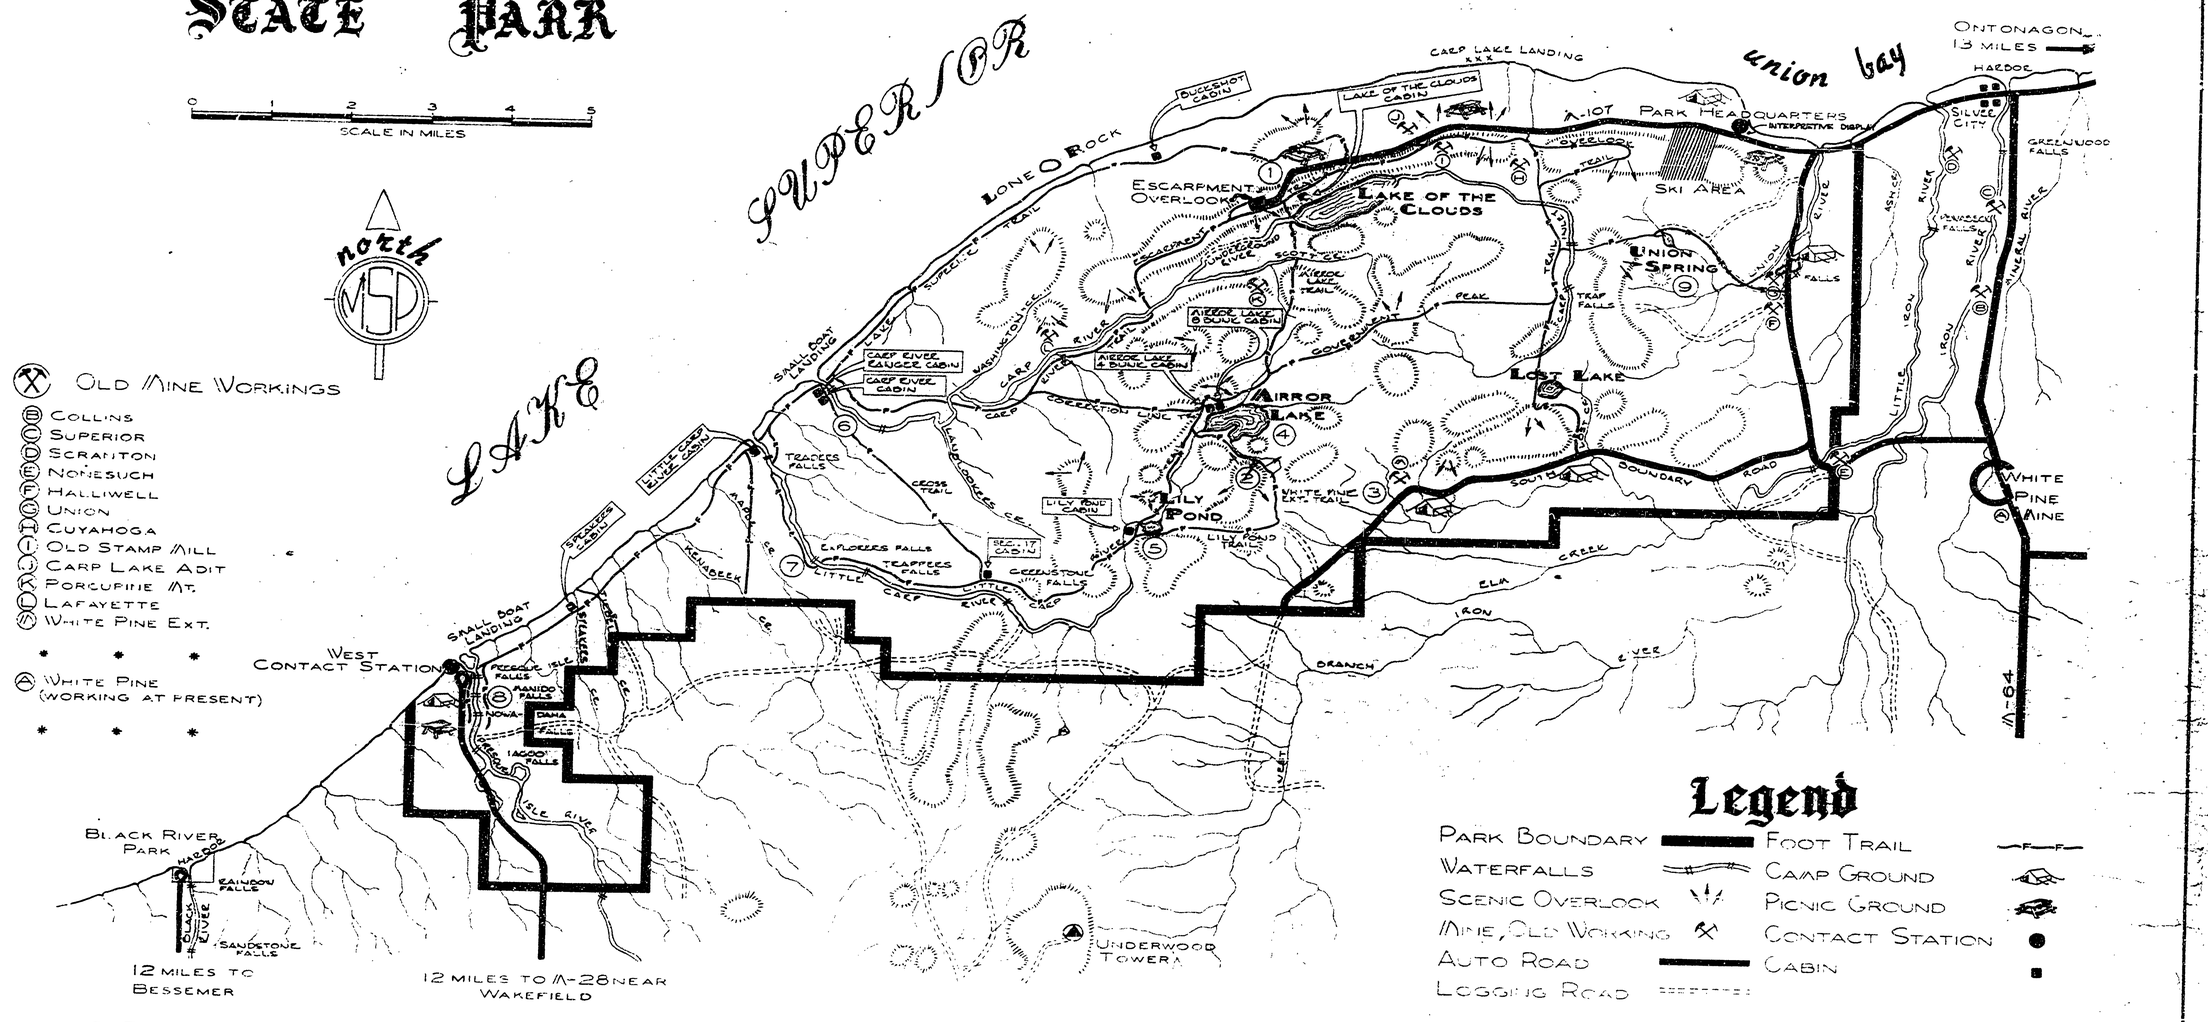
Porcupine Mountains State Park



Legend

Park Boundary		Foot Trail	
Waterfalls		Camp Ground	
Scenic Overlook		Picnic Ground	
Mine, Old Working		Contact Station	
Auto Road		Cabin	
Logging Road			

1. End of Highway A-107 – Trail leaves this point to reach the Escarpment, Mirror Lake and interior, parking lot and picnic area overlook.
2. Summit Peak – Highest point in the Porcupines. Elevation 1,958 feet above sea level. Reached by foot trail.
3. White Pine Extension – Site of old copper mine. Remnants of old buildings, mine shaft and dump are still to be found.
4. Mirror Lake – Trout lake nestled in a valley between [illegible] peaks. Large white pines are found here. Cabins, [illegible], water and toilets.
5. Lily Pond – Trout lake with good fishing but unsafe for wading. Cabin, boat, water and toilets.
6. Falls of the Big Carp River – Spectacular waterfalls and fast white water. Site of rainbow trout run in the spring.
7. Falls of the Little Carp River – Waterfalls and [illegible] miles of rapids through virgin forest.
8. Falls of the Presque Isle River – Picnic ground, Contact Station. By County Road from A-28.
9. Union Spring – Second largest spring in Michigan, deep, clear and cold. Reached by foot trail.
