- Poor Dirt

Hydrology

- Drains or Intermittent Streams
- Lakes and Ponds
- Railroads

3 1.5 0 3 Miles

MAP INFORMATION

Oil and Gas well information obtained from drilling records on file at the Michigan Department of Environmental Quality (DEQ), Geological Land Management Division. Additional information on oil and gas wells can be obtained by contacting GLMD, MDEQ.

DNR Land Ownership information is derived weekly from the MDNR's Land Ownership Database. Parcel information is compiled to the quarter-quarter section result in the Mixed Ownership Category. Non-Ownership rights are classified as Other Rights.

COMPLETENESS and QUALITY
In general, the data does not reflect platted parcels, Private Claims, and parcels within the City of Detroit and/or Saint Clair County Flats.

The amount of acreage owned within a quarter-quarter section is identified by acreage labels in the upper-right corner of each quarter-quarter section.

The quality and completeness of this data is unknown. It is suggested that this data be combined with a second source, such as plat maps, to further identify ownership.

The information displayed on this map is intended for general purposes only. Specific ownership or fund source should be verified by contacting the MDNR.
