### MAP INFORMATION

DNR Land Ownership and Fund Source information is derived weekly from the MDNR's Land Ownership Database. Parcel information is compiled to the quarter-quarter section level.

**COMPLETENESS and QUALITY**  
The data does not reflect platted parcels, Private Claims, or parcels within the City of Detroit and/or Saint Clair County Files.

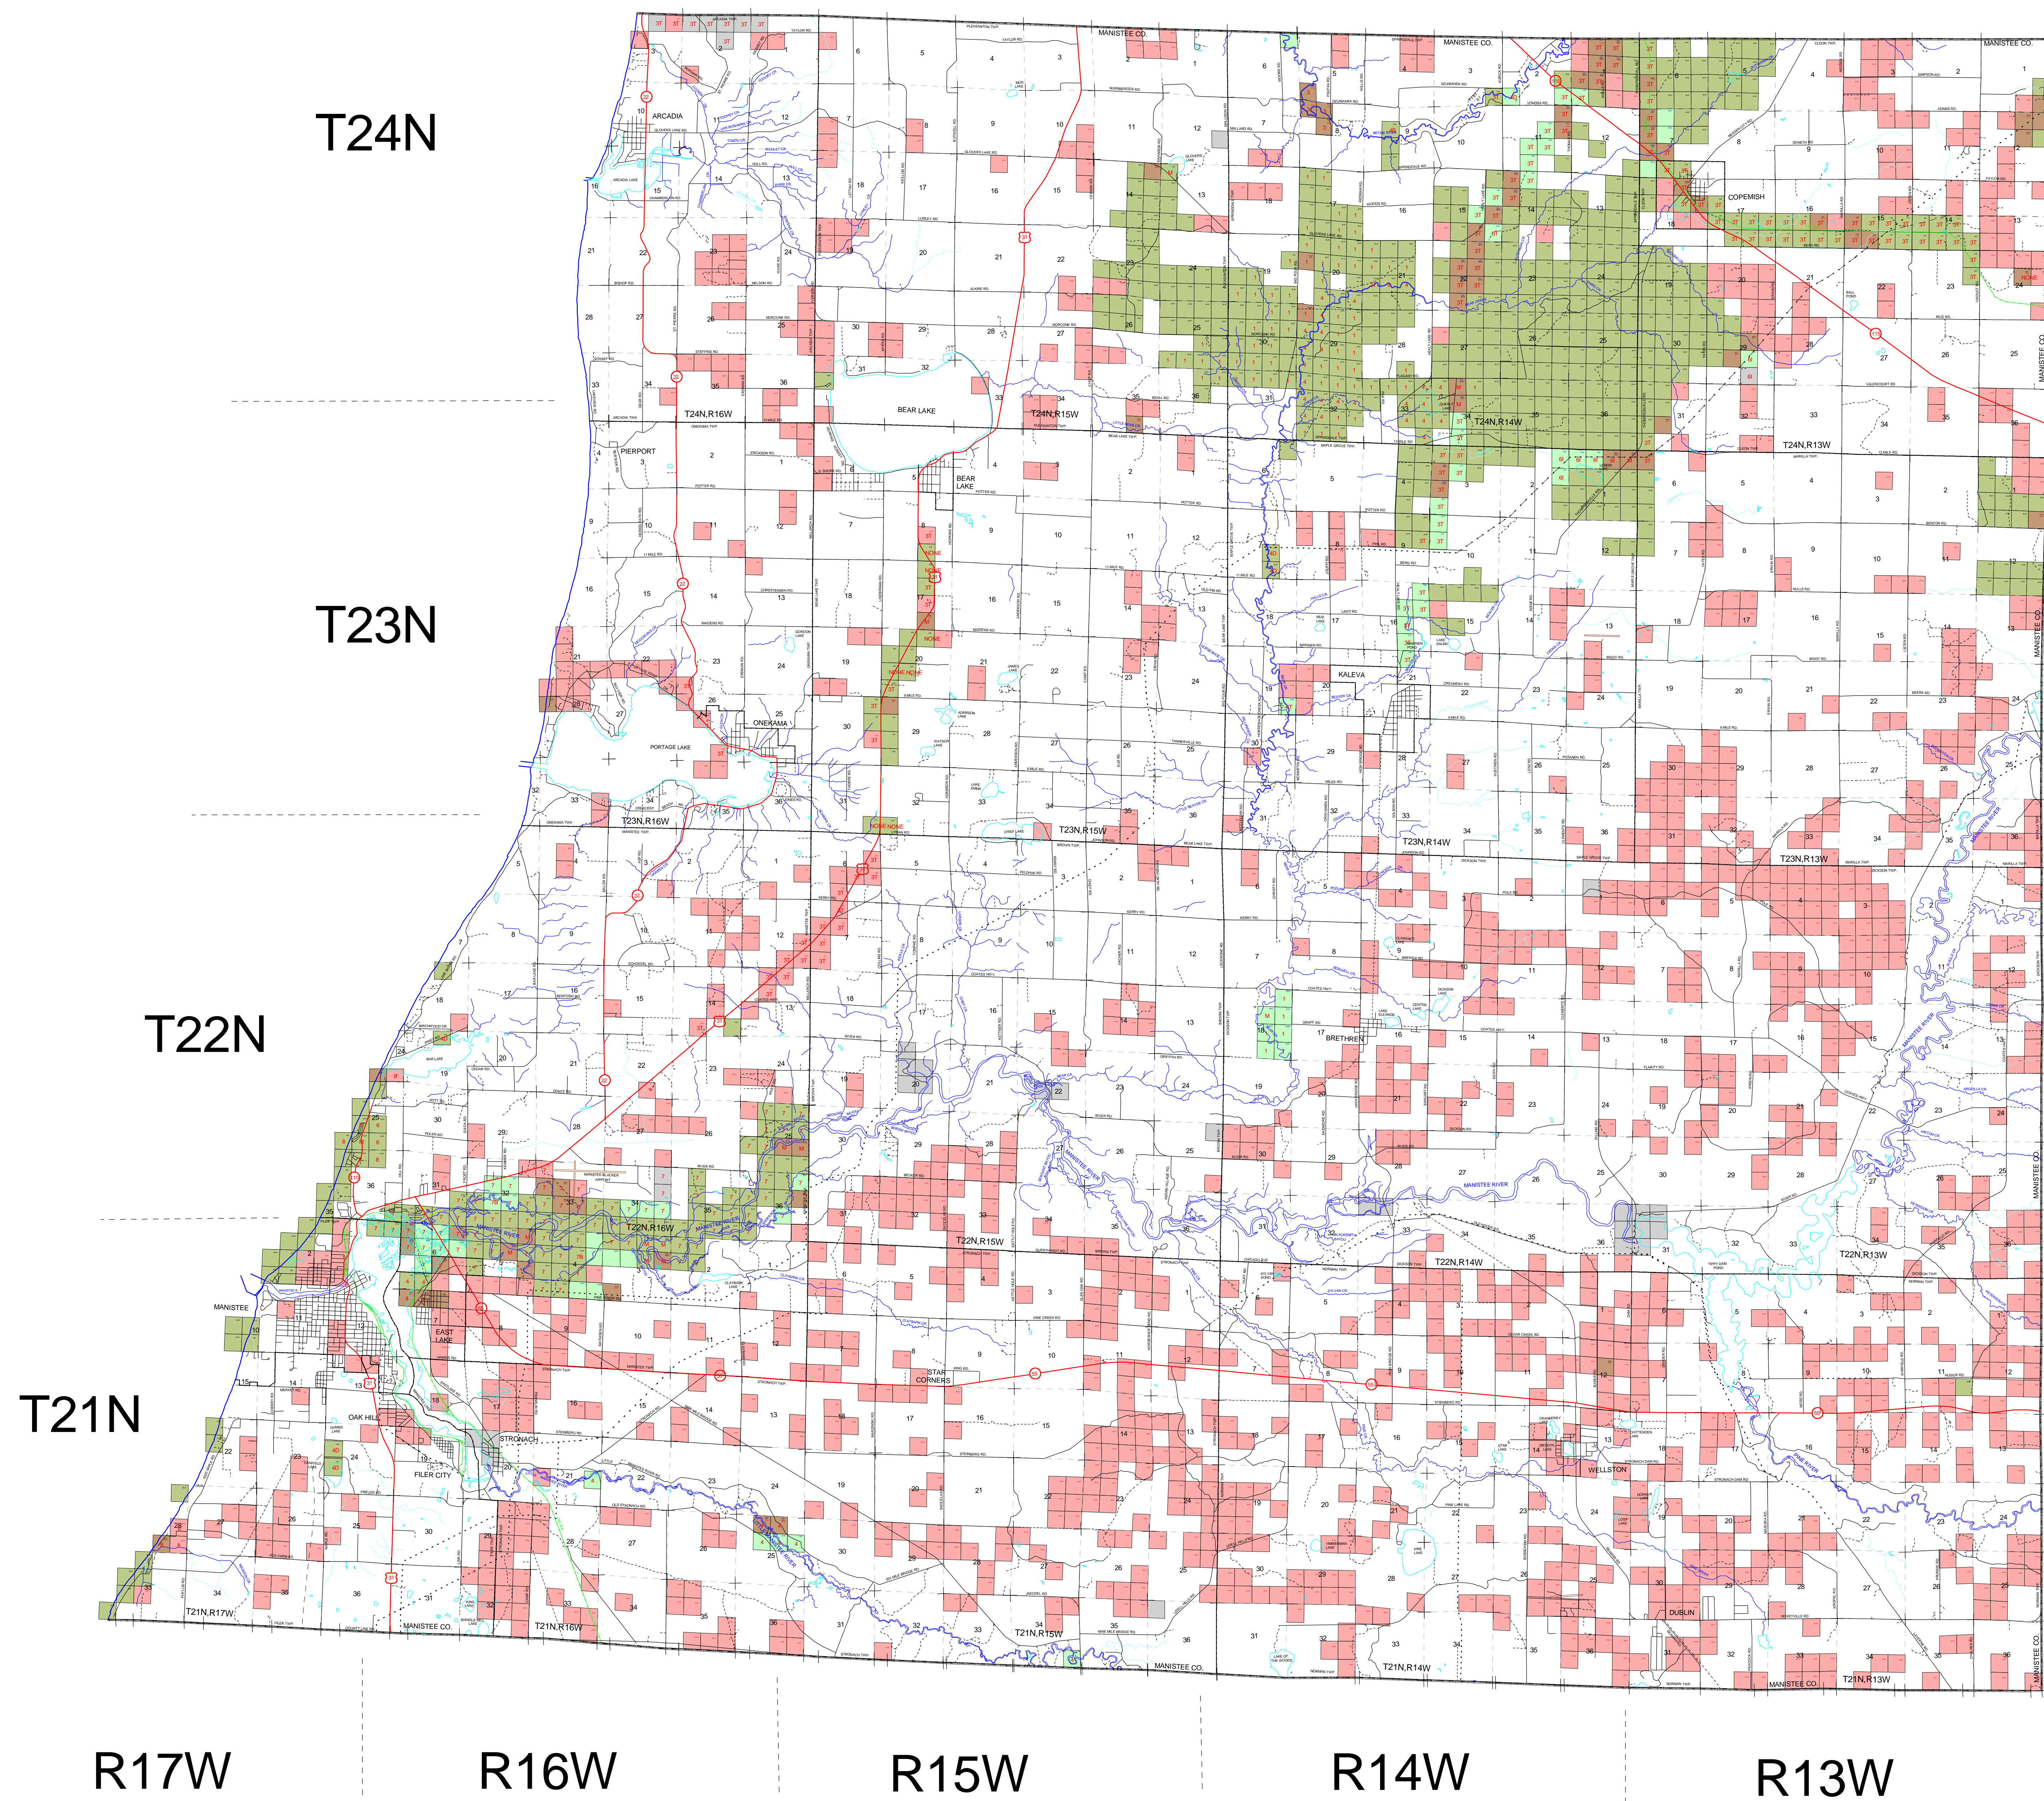

The amount of acreage owned within a quarter-quarter section is identified by acreage labels in the upper-right corner of each quarter-quarter section.

The quality and completeness of this data is unknown. It is suggested that this data be combined with a second source, such as plat maps, to further identify ownership.

The information displayed on this map is intended for general planning purposes only. Specific ownership or funding source information should be verified by contacting the MDNR.
