ard Maple (S2 NBI) Soow 27		rsestablishing corner:
ard Maple (S2 NBI) Soow 27 B Description of corner	evidence found and/or method applied in restoring or I	reestablishing corner: a 4" dia. cast aluminum MDNR tablet, appropriately
B. Description of corner K1) Recovered the 1967 more tamped, in good condition cased on measurements to conclude corner 1 mile west. I do was reestablished by non-pull-K1-2666.12, K1-M1-5323. J1 and M1, and 6.78' N. of reestablishment of the postablishment of the	evidence found and/or method applied in restoring or a nument as described, a 1" ID iron pipe capped with , and at record bearing and distance from the 1967 orners one mile east and corners 1/2 and one mile that Buckler reestablished this corner by single not believe that Buckler would have used I1 as conproportionate methods. This is borne out by the methods. Further, the monument at K1 was found only (a straight line between Buckler's monuments at II as straight line between Buckler's monuments at II as the straight line between Buckler's monuments at I	witnesses, both in good condition with blazes overgrown, west, and on the 1969 land corner certificate by Billy D. proportionate measure using corner J1 1/2 mile west, not a proportioning this corner as the intervening J1 easurements to these corners. I1-J1=2631.06°, 0.06° S. of a straight line between 8uckler's monuments at 1 and M1. I accept the monument as a careful and faithful t in place and made two new accessories as described below.
B. Description of corner K1) Recovered the 1967 more, tamped, in good condition cased on measurements to conclude corner 1 mile west. I do was reestablished by non-put-K1-2666.12, K1-M1-5323. J1 and M1, and 6.78' N. of reestablishment of the postorner recovered and rewi	evidence found and/or method applied in restoring or a nument as described, a 1" ID iron pipe capped with, and at record bearing and distance from the 1967 orners one mile east and corners 1/2 and one mile that 8uckler reestablished this corner by single not believe that 8uckler would have used I1 as concreportionate methods. This is borne out by the method of the monument at K1 was found only 6 a straight line between 8uckler's monuments at I1 sition of the original corner. I left the monument thessed by T.Stark and M.Feldpausch, Newberry Dist	witnesses, both in good condition with blazes overgrown, west, and on the 1969 land corner certificate by Billy D. proportionate measure using corner J1 1/2 mile west, not a proportionate measure using corner as the intervening J1 easurements to these corners. I1-J1=2631.06', 0.06' S. of a straight line between Buckler's monuments at 1 and M1. I accept the monument as a careful and faithful t in place and made two new accessories as described below. rict Office.
B. Description of corner (KI) Recovered the 1967 more stamped, in good condition based on measurements to compare the form of the post of the following the following the following: 1. Alexander for J1, I conclude corner 1 mile west. I do was reestablished by non-pulled form of the post of the following that the following: 1. Description of monute (KI) Found 1 pipe with 4 Blazed, scribed, and set in the following: 14 Maple S41E 20.45 14 Maple S69W 28.0 6 Maple S12W 8.0 10 10 Maple N86W 10.8 10 10 10 10 10 10 10 10 10 10 10 10 10	evidence found and/or method applied in restoring or nument as described, a 1" ID iron pipe capped with, and at record bearing and distance from the 1967 orners one mile east and corners 1/2 and one mile that Buckler reestablished this corner by single not believe that Buckler would have used II as concoportionate methods. This is borne out by the method of the monument at K1 was found only (22'. Further, the monument at K1 was found only (5 a straight line between Buckler's monuments at II sition of the original corner. I left the monument the sition of the original corner. I left the monument the straight line between the setablished to perpetument for corner and accessories established to perpetuments of the straight line between the straight line between the straight line between the straight line between Buckler's monuments at II the straight line between Buckler's monument to perpetument for corner and accessories established to perpetuments of the straight line between Buckler's monument at K1 was found only (5 a straight line between Buckler's monuments at II the straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monuments at II the straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's mon	witnesses, both in good condition with blazes overgrown, west, and on the 1969 land corner certificate by Billy D. proportionate measure using corner J1 1/2 mile west, not a proportioning this corner as the intervening J1 easurements to these corners. I1-J1=2631.06°, 0.06° S. of a straight line between 8uckler's monuments at 1 and M1. I accept the monument as a careful and faithful t in place and made two new accessories as described below.
B. Description of corner K1) Recovered the 1967 more tamped, in good condition ased on measurements to conclude the for J1, I conclude the former 1 mile west. I do the following the following the following: C. Description of monumer (K1) Found 1" pipe with 4 Blazed, scribed, and set in the following: 14" Maple S41E 20.45' 14" Maple S69W 28.0' 6" Naple S12W 8.0' 10" Maple N86W 10.8' Placed a squared and scription of accept. Rearings are statistically adjacent.	evidence found and/or method applied in restoring or nument as described, a 1" ID iron pipe capped with, and at record bearing and distance from the 1967 orners one mile east and corners 1/2 and one mile that Buckler reestablished this corner by single not believe that Buckler would have used II as concoportionate methods. This is borne out by the method of the monument at K1 was found only (22'. Further, the monument at K1 was found only (5 a straight line between Buckler's monuments at II sition of the original corner. I left the monument the sition of the original corner. I left the monument the straight line between the setablished to perpetument for corner and accessories established to perpetuments of the straight line between the straight line between the straight line between the straight line between Buckler's monuments at II the straight line between Buckler's monument to perpetument for corner and accessories established to perpetuments of the straight line between Buckler's monument at K1 was found only (5 a straight line between Buckler's monuments at II the straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monuments at II the straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's monument at K1 was found only (6 a straight line between Buckler's mon	witnesses, both in good condition with blazes overgrown, west, and on the 1969 land corner certificate by Billy D. proportionate measure using corner 11 1/2 mile west, not a not of the proportioning this corner as the intervening 11 measurements to these corners. II-JI=2631.06°, 0.06° S. of a straight line between Buckler's monuments at 1 and M1. I accept the monument as a careful and faithful t in place and made two new accessories as described below rict Office. **Backendary Research** **ACCEPTED BY THE MACKINAC COUNTY SURVEY PEER GROUP AS THE OFFICIAL CORNER UNDER PA. 345 OF 1990 AT A MEETING HELD ON 12-1-28 UEN
B. Description of corner K1) Recovered the 1967 more tamped, in good condition ased on measurements to corner 1 mile west. I do not see that the corner 1 mile west. I do not see that the corner 1 mile west. I do not see that the corner of the post of the post of the corner recovered and rewite the corner recovered and rewite the corner recovered and set in the following: 14" Maple S41E 20.45' 14" Maple S69W 28.0' 6" Naple S12W 8.0' 10" Maple N86W 10.8' Placed a squared and series.	evidence found and/or method applied in restoring or nument as described, a 1" ID iron pipe capped with, and at record bearing and distance from the 1967 orners one mile east and corners 1/2 and one mile that 8uckler reestablished this corner by single not believe that 8uckler would have used II as concoroportionate methods. This is borne out by the method of the monument at K1 was found only (22'. Further, the monument at K1 was found only (3 a straight line between 8uckler's monuments at II sition of the original corner. I left the monument the straight line between 8uckler's monuments at II setting of the original corner. I left the monument the straight line between 8uckler's monuments at II messed by I.Stark and M.Feldpausch, Newberry Distingent for corner and accessories established to perpetument for corner and accessories established to perpetuments and the straight line between 8uckler's monuments at II straight line be	witnesses, both in good condition with blazes overgrown, west, and on the 1969 land corner certificate by Billy D. proportionate measure using corner J1 1/2 mile west, not a proportionate measure using corner as the intervening J1 easurements to these corners. I1-J1=26J1.06', 0.06' S. of a straight line between Buckler's monuments at 1 and M1. I accept the monument as a careful and faithful t in place and made two new accessories as described below rict Office. ACCEPTED BY THE MACKINAC COUNTY SURVEY PEER GROUP AS THE OFFICIAL CORNER UNDER PA. 345 OF 1990 AT A MEETING
