I, Stephan J. Szyszkoski, in a field survey on 4 08/30/3011 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and /or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

**NOTE:** Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

**A. Description of original monument and accessories and/or subsequent restoration:**

(1-Sec. 33) West 1/16 corner between Sections 28 and 33. Found no record of prior monumentation.

(4-Sec. 33) Northwest 1/16 corner, Section 33. 2002 - Monumented by Robert Goodreau PS 43053 and shown on his U.P. Engineering and Architects, Inc. survey drawing prepared for Seney Township (File No. S05-22405). No witnesses noted.

**B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:**

(1-Sec. 33) Established the position for the corner midway and on the Section line between Section corner E11 1327.14' west and Quarter corner F11 1327.14' east. The position for the corner falls 2.3' north of the south edge of the pavement of highway M-28.

(4-Sec. 33) Established the corner at the intersection of straight lines connecting opposite 1/16 corners. 1/16 corners #1, #3, and #8 are monumented by the undersigned. 1/16 corner #5 was calculated being midway between F11 and F12. I did not accept Mr. Goodreau's position for 1/16 #4, it having been determined by his relying upon an erroneous position for 1/16 corner #8. I found Mr. Goodreau's 2002 monument, a 5/8" capped rebar, N87 deg. 55'22"E, 9.50' distant (MCS83 grid bearing).

**C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:**
