Regy. 9-9

DEC 13 1954

Mr. Paul T. Eay
Lands Division
Department of Conservation
State of Michigan
Lansing 24, Michigan

Re: Fife Lake State Forest

My dear Mr. Eay:

Reference is made to your letter of December 2nd relative to the possible existence of a small parcel of public land within the ~~NE 1/4~~ Sec. 5, T. 26 N., R. 12 W., Michigan Meridian, Michigan.

By the original survey of T. 26 N., R. 12 W., annotated in 1538-39, and as shown upon the official plat of same, this small parcel lying northwest of a lake and within Sec. 5, was included in the area returned for Lot 1, Sec. 6. Your attention is directed to the recorded measurement along the north boundary of said Lot 1, Sec. 6, as shown upon the survey plat, of 22.19 chains. This distance represents the normal measurement of a lot of 20.00 chains plus 2.19 chains, the distance between the closing corner of Secs. 5 and 6, and the meander corner of Secs. 5 and 6 on the west side of lake.

This showing is considered conclusive that the small parcel was included within the area returned as Lot 1, Sec. 6.

Sincerely yours,

For the Supervisor

Chief, Cadastral Engineering Section
