AND

DESCRIPTION IN DETAIL AS TO HOW CORNER WAS LOCATED AND IDENTIFIED OR RESTORED.

This corner was found and accepted while making a survey in this area. Found 1 1/4" pipe as established by U. S. Fish and Wildlife engineers in a survey of Section 6. Unable to definitely conclude it to be an original corner, but checks measurements of record in Heddon's 1877 survey to 1/4 corner south, and fits old fence line east for latitude. Appears to be the best available evidence of proper position for corner.
