Property in Sec. S T R

- Lot No. \_\_\_\_\_, Recorded Plat \_\_\_\_\_
- Private Claims \_\_\_\_\_

I, Gilbert G. Bonno, P.S., in a field survey on November 17 19 99  
do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned  
in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the  
current manual of survey instructions of the United States Department of the Interior, Bureau of Land  
Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5  
above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a  
Court of Law; established, re-established, monumented, re-monumented, recovered, found as  
expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded  
on this certificate.

### A. Description of original monument and accessories and/or subsequent restoration:

- 1823, GLO - Harvey Parke DS; set post and two accessories, measured G-2 to G-1  
1890, County Surveyor, Moses Middleton CS, Stake and stone, one new accessory, measured G-2 to G-1 and G-2 to G-3 and G-2  
to F-2  
1991, Mary Barnwell Dwyer field notes, no description of monument given, measured G-3 to G-2 and G-2 to G-1

### B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

1999 Remon - found 1" pipe with cap #33971 (Mart Barnwell-Dwyler) remnants of old fence running east-west and south

In 1823, DS Harvey Parke set a wood post for corner G-2 with two accessories being noted, neither of which exist today. He also had  
a measurement G-2 to G-1 of 42.26 chains (2789.16 feet), 1999 Remon G-2 to G-1 measures 2805.39 feet. In 1890, Moses Middleton  
indicates a stake and stone as the objects in place for the corner G-2 and one accessory which no longer exists. He indicates three  
measurements G-3 to G-2 40.215 chains (2654.19 feet), 1999 remon. G-3 to G-2, 2655.28 (1.09 feet longer); G-2 to G-1 42.56 chains  
(2808.96 feet), 1999 remon. G-2 to G-1, 2805.39 feet (3.57 feet short of 1890 record); G-2 to F-2 40.34 chains (2662.44 feet), no 1999  
remon. measurement. In 1991, Mary Barnwell-Dwyer P.S.#33971 set a 1" pipe with cap #33971 at single proportionate measure and  
on line between corners G-3 to G-1. From the 1823 GLO survey record measurement to the 1991 measurement, G-3 to G-2 1991  
proportionate measure = 2655.39 feet (1890 C.S. measurement G-3 to G-2 was 2654.19 feet; 1.2 feet difference). The 1999 remon.  
measurement G-3 to G-2 is 2655.28 feet (0.11 feet difference from the 1991 survey G-3 to G-1). I accept the 1" pipe set by Mary  
Barnwell-Dwyler at single proportionate measure and on a straight line between corners G-3 and G-1 as the careful and faithful  
perpetuation of the original corner.

### C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

- N70°W 11.17' Found spike in north face 10" Oak  
S30°E 16.33' Found spike in Southwest face 14" Oak  
S60°E 25.74' Found spike in South face 16" Oak  
S30°W 5.10' Found spike in East face 36" Oak  
N85°E 20.57' Set PK nail and Genesee County witness tag in  
South face of 4" Ash

Ratified by the Genesee County Peer Group  
November 17, 1999  
I set the Standard Bernsten Monument SS-A-5-BR-30  
(3 1/4" D. Brass cap stamped "Genesee County  
Remonumentation Corner 32332, 1999") with 30" x 2 3/8"  
O.D. stainless steel tube set in monument box.

Ratified by Peer Group in  
accordance with P.A. 345, 1990
