DESCRIPTION IN DETAIL AS TO HOW CORNER WAS LOCATED AND IDENTIFIED OR RESTORED.

This corner was restored to a position based on E. P. Waterman's survey of Section 26, L-1, P-405, dated April 1894 and Section 35 L-1, E420, dated September 1893. The corner fits Waterman's position very closely as noted on our "Plat of Survey". The Lat. of the corner was by single proportion to Waterman distances 1/2 mile North and 1 mile South. Dep. of the corner was by Record Waterman distance West of the 1/4 corner to Sections 26 & 35.

Liber and Pages refer to old survey records on file at Register of Deeds Office, Traverse City.

We searched for Waterman's stake and stones, but it appears that they may have been graded out in years past as the corner falls just south of an old trailer and shack that lie across the Section line N. At one time there were Twp. roads N-S-L-W of the Sec. Corner.
