I, Stephan J. Szyszkoski, in a field survey on 05/07/15 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and /or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

(I5) Corner common to Sections 10-11-14-15. 1968 - Reestablished by Billy D. Buckler RLS by proportionate measurement between I6 and a line tree north, and at rec. distance east of a Beech line tree. Set 1" pipe with 4" alum. cap. 13" Hard Maple S47°W 26.1'; 14" Beech S67°E 14.6'. 1977 - G.W.Carlson PS, found the 1968 monument and noted these witnesses: 14" Beech N59°E 16.54'; 15" Maple S47°W 26.43'; 14" Beech S67°E 14.95'.

(H7) Quarter corner common to Sections 15 and 22. In 1980, Billy D. Buckler RLS found and accepted a 3/4" iron set by Mears Engineering and marked new witnesses: 14" dead Cedar S65°E 30.5'; 15" twin Cedar S10°W 67.0'.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

(I5) Found the 1968 monument in good condition and at record bearing and distance from the 1968 witnesses: The Hard Maple is in good condition, the Beech is dead (both are referenced in 1968 and 1977). The 1977 witness Beech N59°E was not found. Accepted the monument as a careful and faithful reestablishment of the position of the original corner.

(H7) Found a 1/2" rebar with nearly illegible plastic cap marked, as best as could be read, "MFT 2???8(?)", by an unknown surveyor (possibly Michael F. Tighe PS27462, judging by the initials and first digit of the license number), at record bearing and distance from the 1980 Buckler witnesses. The dead cedar is still in place, the Cedar S10°W is green and leaning over the river. This monument has been used by other surveyors as control for the subdivision of Sec. 15. Accepted the monument as the best available evidence of the position of the original corner.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

(I5) Found 1"ID I.pipe with MI. Dept. of Conservation cap. Set measuring nail with MDNR tag in the side of:
20" Sugar S52°W 26.21' (1968 NBT) mrkd "S15"
7" Sugar S04°E 3.67' "S14 NBT"
7" Sugar N83°E 36.49' "S11 NBT"
5" Sugar N30°W 4.18' "S30 NBT"
E= 8093719.111 N= 179302.739

(H7) Found 1/2" capped rebar.
Set measuring nail with MDNR tag in the side of:
6" Balsam N06°E 3.04' mrkd "1/4S NBT"
9" Balsam N40°E 7.94' do
4" Cherry N68°E 36.88' do
8" Balsam S73°E 3.72' do
E= 8092944.235 N= 177661.570

Bearings are magnetic. Coordinates are MCS83 in meters, NAD83(2011) Epoch 2010.00 datum
Coord. Ref.=NGS PID RJ1233: N= 183112.192 m. E= 8082067.781 m.
