I, Stephan J. Szyszkoski, in a field survey on F3 12/02/15 do hereby state

that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and /or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

(F3) Quarter corner common to Sections 4 and 9. 1962 - Billy D. Buckler remonumented the corner position from 'two Y. Pine BTs bearing N72°E 09 links and N48°W 35 links; both stumps in fair condition. Corner lies in E-W Fire lane.' 10" Red Pine (1/4S NBT) S53°W 68 links, 14" Red Pine (1/4S NBT) S03°E 60 links.

(14-Sec. 9) South 1/16 corner between sections 9 and 10. 1977 - Established and monumented by Billy D. Buckler 'midway bet. Sec. Cor. South and 1/4 Cor. North. Placed 1" pipe with 4" aluminum cap at corner.' 8" W.Pine, S29°E, 45.0' & 16" W.Pine, N86°W, 65.4'.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

(F3) Found 1962 monument at the surface and on the centerline of an E/W dirt road. This monument was bent badly and was removed. Below the 1962 monument was a 2" pipe in square concrete (typical of Marcus Schaaf, RLS). It is presumed that the 1962 monument was centered over the top the 2" pipe. The 2" pipe is at record bearing and distance from the 1962 witnesses. I accept the position of the 2" pipe as a careful and faithful perpetuation of the position of the original corner, removed it and replaced it with a new monument as described below. No evidence of OBT's.

(14-Sec. 9) The 1977 position falls in a trail road and the monument was found disturbed and badly bent. Reestablished the 1977 position from the 1977 witnesses, both recovered in good condition with overgrown blazes. This position is 0.4' west and 1.1' south of the 'midway' position described in the 1977 record and is accepted as a careful and faithful determination of the position of the corner. Remonumented the position as described below. From the position monumented, the centerline intersection of dirt trail roads running N-S-E-W is 3 ft. East and 6 ft. North.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

(F3) Set 1"IDx28" I.pipe with plastic MDNR cap, 6" below surface of dirt road. Set measuring nail with MDNR tag in the side of:

15" R.Pine N39°E 56.00' mrkd "1/4S NBT"
7" J.Pine N05°W 15.85' do
19" R.Pine S57°W 45.13' mrkd "1/4S"
21" R.Pine S02°W 39.88' do
E= 8100387.713m N= 209921.741m

(14) Set 1"IDx28" I.pipe with plastic MDNR cap 6" below surface of dirt trail road. Set measuring nail with MDNR tag in the side of:

8" W.Pine S48°W 39.42' mrkd "S1/16 BT"
23" W.Pine N81°W 65.69' do
18" R.Pine EAST 45.24' do
13" W.Pine S26°E 45.32' do
E= 8101223.944m N= 208722.271m

Bearings are magnetic. Coord's are MCS83 in meters, NAD83(2011) Epoch 2010.00 datum.

Coord. Ref.=NGS PID RJ0558: N= 209493.879m. E= 8083367.993m.
