I, John H. Rauser, P.S., in a field survey on September 28 1999 do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, re-monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

G-10 1/4 Corner, Sections 27 & 28, Chapin Township

1831 GLO wood post placed by Robinson Thomas, D.S.
Beech 12" S86W 12lks (7.92')
Lynn 11" N15E 9lks (5.94')

Found no subsequent record of perpetuation or restoration

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

G-10 1/4 Corner, Sections 27 & 28, Chapin Township

Found no evidence of the original government accessories. Found no object at this position. Re-established the position of the corner by doubling the distance between the found stake and stones at G-11 and the found stone and crockery at the 1/8 corner between G-11 and G-10. The distance being 1319.99', doubled is 2639.98'. Measured North to G-9 = 2658.12'. The occupation West at the approximate 1/8 line between G-10 and G-9 measured, 1316.7' to the centerline of a drain West and 1332.9' to a fence line along the North top of bank of this drain from this calculated position of G-10. The split of the distance between G-10 and G-9 = 1329.06', which falls between the centerline of drain and the fence at the top of bank. Measured East from G-10 to the occupied line along the N-S 1/4 line (a 1/4 line road exists between G-10 and I-10) 2639.66', the occupation to the East at the 1/8 line between G-10 and H-10 measured 1319.19'. The centerline of the road at said occupied N-S 1/4 line is 2.7' South of a line between G-10 and I-10. Found no conflicting evidence in the vicinity of this corner. We recommend that the calculated position of G-10 be accepted as a careful and faithful perpetuation of the position of the original corner and be monumented with a standard Saginaw County 5/8" re-rod with brass cap in a monument box.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

G-10 1/4 Corner, Sections 27 & 28, Chapin Township

Set 5/8" re-rod with standard Saginaw County brass cap stamped "G-10 39096" and monument box.
East 13.95' T/C North end 18" CMP
S80E 21.40' South edge stop sign post
S30E 43.45' Set chisled "+" T/C South end 18" concrete culvert
S50W 21.25' 1/2" re-rod with ROWE traverse cap
S60W 23.20' North edge of North leg double arrow "<-->" sign post
