

A close-up photograph of a digital display, likely from a calculator or a small electronic device. The display is rectangular with a black background and shows the number "12588" in large, white, segmented digits. The number is oriented vertically, with "1" at the top and "8" at the bottom. The display is framed by a light-colored border, and the overall image has a grainy, high-contrast appearance.

LOT No 4 { all of the $\frac{1}{2}$ of the $\frac{1}{2}$ of the π E $\frac{1}{4}$ of T14N R5E and all of that part of the $\frac{1}{2}$ of the π W $\frac{1}{4}$ of sec. 35 - said town lying W of -
