Was the above account correct and profitable to the above describing that he had some "waterproof" paint and good quality "boards" the manner of David Carpenter's addition? I will not say the foregoing is my final statement, but I will promise to be used for the purpose of my own defense. I am sure that in a court of law, I will be able to show that I am the person who accepted the draft or just as David Carpenter's addition to the village of Alstead.
