Description.

The village of Central Lake, represented by the annexed Plat, is situated on the N.W. 1/4 of Section Twenty-four Township 22 North Range 22 East. The quarter section west of the lake named section 22, was made available for sale with the first survey. The entire town is given at the south-east corner of the section, and the corner is marked by a stone, the location of which was not questioned. From the quarter corner to the south-east corner is 1326.5 feet. The section line is made the dividing line of the survey, the principal lines being parallel with or at right angles to it. The lots are rectangular, except where noted. Boundaries are given in feet and inches. Lots of a few acres are designated by numbers, and blocks by letters, marked in red ink on the plat. Lots not subdivided are not included in the Plat, by reason of failure to secure the signature of the proprietor.
