I, Stephan J. Szyszkoski, in a field survey on 08/26/15 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and /or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

(11-Sec. 4) Southwest 1/16 corner, Section 4. A monument was placed near the position for the corner by G.L.Pisoni, PS during a survey of Gov't Lots 1 and 2, date not known.

(SMC east of #3) Witness Corner to a Special Meander corner on the East shore of Porter Lake at its intersection with the North 1/16 line of Section 4. Previously established by G.L.Pisoni PS 27457.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

(11-Sec. 4) Established the position for the corner at the intersection of 1/16 lines. The South 1/16 line is parallel to the weighted mean bearing of the W1/2 of the E-W 1/4 line and the W1/2 of the south line of the Section. The West 1/16 line is a straight line between 1/16 corners #8 and #15. From the position thus established, I found a 5/8" capped rebar, PS #27457, 15.3' south, which I did not accept as marking the position for the corner and which I drove flush to the ground surface.

(SMC east of #3) A subdivision of the NW1/4 of this section could be made in several ways and the choice of methods is more complicated than normal due to the lack of harmony between conditions on the ground and their representation on the face of the U.S. plat. I found a 5/8" capped rebar PS #27457, in good condition, approx. 195' east of the U.S. position for 1/16 corner #3, and accepted same as a careful and faithful determination of the location of the North 1/16 line. From this Witness Corner monument, the edge of vegetation along the east side of Porter Lake is 29' west; and the water's edge is 33' west.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

(11) Set 1"IDx28" I.pipe with 2" alum. MDNR cap. Set measuring nail with MDNR tag in the side of:
 6" Sugar S68°E 12.85' mrkd "1/16S BT"
 8" Sugar S15°E 6.5' do
 5" Sugar S63°W 5.0' do
 8" Sugar N03°W 15.0' do
 Set sq'd cedar post adjacent.
 E= 7879113.820 N= 172272.879

(WC) Drove a 1"IDx28" I.pipe with 2" alum. MDNR cap over the found 5/8" rebar. Set measuring nail with MDNR tag in the side of:
 14" Cedar N24°E 4.15' mrkd "WC BT"
 11" Hemlock N82°E 6.7' do
 14" Hemlock S21°W 16.45' do
 9" Cedar N41°W 27.5' do
 Set sq'd cedar post adjacent.
 E= 7878784.058 N= 173064.702

Bearings are magnetic. Coordinates are MCS83 in meters, NAD83 (2011) Epoch 2010.00 datum.
 Coord. Ref.=NGS PID RL0476: N= 196482.411 m. E= 7879234.516 m.
