**Part B: Surveyor's Report on Perpetuation or Monumentation of Corner(s)**

**F13** – Standard ¼ Corner common to Section 33, T17N, R1W. No GLO evidence was found. Found ½" capped iron #14759 (W. G. Carlson) S73°04'E 13.73' from single proportional position. This ½" CIR is believed to have been set by Marv Haller crew using unknown method. Doesn't fit Carlson ½" iron found ¼ mile west. Statewide Surveying provided the "Mortgage inspection report" but could find no other information on what Haller had done in the area. Thus rejected position of ½" CIR #14759 and set DNR Monument at single proportion position between 'E13' & 'G13'. DNR Monument accepted as a careful and faithful reestablishment of the position of the original corner.

**Part C: Field Evidence of Perpetuation or Monumentation of Corner(s)**
