4. LOT NO. _____, RECORDED PLAT _____		
5. PRIVATE CLAIMS _____		

REGISTER OF DEEDS STAMP AND  
FILING NUMBER

I, Arthur O. Enger do hereby certify that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above (identified with circles on index code diagram—over) were, in a field survey on July 18, 1974 ~~xxx~~, established, re-established, monumented, re-monumented, recovered or restored as expressed below and in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a court of law. Furthermore, that the corner points mentioned in lines 3, 4 and 5 above were, in a field survey on \_\_\_\_\_ 19\_\_\_\_, found, recovered, restored, established or re-established as expressed below and in conformance with the rules of the Michigan State Board of Registration for Land Surveyors or, by a Decree of a Court of law:

A. Description of original monument and accessories and/or subsequent restoration:

Corners C9 & D9: Found no evidence of original posts or their accessories at either corner. Found no replacement monuments or accessories at either corner. All evidence presumed destroyed by road construction activity.

B. Description of corner evidence found and/or method applied in restoring or re-establishing corner:

Corner C9: Re-established at intersection of approx. construction centerlines, as determined from old fence lines, of intersecting county roads running E & W and S from intersection. The roads are presumed to be on the section lines by common report, and appear from the acts of abutting land owners to be accepted locally as the section lines. This point is not proportionately spaced between corners to N and S of it nor E & W of it; that position would be 1.03 ch. E and .78 ch. N of this point.

Corner D9: Re-established in line with an old N & S fence to S, which appears to be a property line of long standing, and midway between old E & W fence lines on N & S sides of a county road. Corner is 40.364 ch. W of sec. cor. to E and 39.889 ch. E of sec. cor. to W, with a 2013'30" defl. to S at the corner when travelling W on sec. line.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

Corner C9: 1" I.D. x 24" iron pipe with 3½" aluminum cap, buried in road bed.  
Power Pole S13°W (mag.) 32.97 ft. } To nail with 3/4" brass  
Power Pole N36°W (mag.) 78.08 ft. } washer stamped "WITNESS MARK"

Corner D9: 1" I. D. x 24" iron pipe with 3½" aluminum cap, buried in road bed.  
Sugar Maple 20 S10°E (mag.) 30.74 ft. } To nail with 3/4" brass  
Power Pole N19°E (mag.) 27.31 ft. } washer stamped "WITNESS MARK"
