I, Stephan J. Szyszkoski, in a field survey on 10/05/15 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and /or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

(K1) Closing Section corner common to Sections 1 & 2. 1846 - S.W.Higgins, Deputy, set post on Township line 06 links west of Standard Corner to Sections 35-36 T53N-R35W. Y.Birch 8" S15°W 12 links, Spruce 6" S14°E 10 links. Notes of P.A. & M.C. Larsen for Closing Cor. K1 of T52N-R35W: "1920 - Found old cedar post. 1958 - Set new post along side.". 1966 - Billy D. Buckler RLS: Replaced corner as set by M.C. Larsen, Hancock. Found no original witnesses. 1" pipe with 4" aluminum cap. 14" Cedar N50°E 31.7', 12" Cedar S85°W 31.5', 6" Soft Maple South 17.6'. The 1966 record erroneously describes the Closing Corner as being common to Standard Corner K13. According to the US survey, the Standard Corner is 06 links east of the Closing Corner.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

(K1) The 1966 monument was not found and I suspect that, contrary to the record, it was never set. Found two rotted-off post points of different ages, at substantial record bearing and distance from the 1966 witnesses, all alive with overgrown blazes. Found a rotted Y.Birch stump S30°W 10 ft, possibly the remains of the BT Y.Birch 8" S15°W 12 links, but no marks found. Standard Corner for Sec. 35-36 T53N-R35W was remonumented 3.96' (06 links) east of K1 this date and that corner is in accord with possible BT Cedar N35W 37 links [described in T53N-R35W GLO notes]. Accepted the post points as the best available evidence of the position of the original corner and set a new monument as described below.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

(K1) Set 1"IDx28" I.pipe with 2" alum. MDNR cap.
Set measuring nail with MDNR tag in the side of:
12" Cedar N55°E 32.0' old blazes (1966 wit. tree)
10" Maple S06°W 16.6' do do
15" Cedar N87°W 31.15' do do
10" Spruce S72°E 16.35' mrkd "S1 NBT"
1"ID I.pipe/MDNR cap at Stand.Cor. S87E 3.96'
Set sq'd cedar post 1 ft. north.
E= 7870556.157 N= 240950.515

Bearings are magnetic. Coordinates are MCS83 in meters, NAD83(2011) Epoch 2010.00 datum.
Coord. Ref.=NGS PID D08499: N= 221257.624 m. E= 7884435.169 m.
