I, Joseph C. Domitrovich, in a field survey on October 21, 1999, do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

(G-5) Corner Common to Sections 9, 10, 15 & 16, T55N, R33W.

1846 L.S. Scranton set a post with ties:

15° Sugar	S 18°W	42 links
14° Sugar	N 30°E	20 links

1910 D.W. Holland calls for a 1 1/4" iron pin set in concrete at this corner. Calculations from his field notes show a distance east to the N 1/4 Corner, Sec. 15. (Notes on file with Lake Superior Land Co. of Calumet).

1918 H.W. Fesing, Engineer, in his field notes (Book 38 on file with Steve Hein, P.S., of Laurium) shows this corner and distances to corners to East and South. He does not indicate what the corner is.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

I found no remains of the original corner or accessories. I found a 1/2" iron pin with cap #24625, re-established by Duane Wood, P.S., as part of the Houghton County Airport survey. This corner now falls in the cleared area for Airport Runways. It falls on the extension of County Roads to the North, East and West. Distances from this corner to the corners East and South work well with Fesing and Holland's.

N 1/4 Corner Section 15	N 88°45'31"E	2694.26' (m)	(2697.6' Fesing) (2694.95' Holland)
W 1/4 Corner Section 15	S 00°05'14"E	2652.52' (m)	(2649.2' Fesing)
N 1/4 Corner Section 16	S 89°02'31"W	2621.94' (m)	

I accepted this iron pin as the section corner and placed a 3/4" pipe and cap over it.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

Corner is a 3/4" iron pipe with a brass "Houghton County Remonumentation" cap. Ties:

Centerline Runway 13/31	S 39°43'W	190.3'	(Meas. @ rt. Angle to Runway)
Centerline Runway 7/25	S 24°16'E	1158.6'	(Meas. @ rt. Angle to Runway)
P.K. @ Intersection of Centerlines	S 41°15'05"E	1211.52'	
NE End of Runway 7/25 Monument	S 88°21'14"E	2650.63'	

No other ties available.

NOTE: Bearings to witness objects are magnetic. Distances are to a nail in side of the witness object unless noted.

Signed by Joseph C. Domitrovich
