I, Stephan J. Szyszkoski, in a field survey on 04/20/16 do hereby state
that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2
above were in conformance with regulations and rules therefore as required in the current manual of survey
instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of
a Court of Law and /or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with
the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established,
re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded
on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

(11-Sec. 24) Southwest 1/16 corner, Section 24. Not previously monumented.

(15-Sec. 24) West 1/16 corner between Sections 24 and 25.
Found no record of monumentation.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

(11-Sec. 24) Established the position for the corner at the intersection of straight lines
connecting opposite 1/16 corners, all monumented.

(15-Sec. 24) The position for the corner is midway and on the Section line between Section corner
1314.54' west and Quarter corner 1314.54' east. Substantially at this position, 0.06' east and
0.13' north from it, I found a 1/2" rebar projecting 2.5" above ground, set by an unknown surveyor,
which I accepted as a careful and faithful determination of the position of the corner.
