SAME AS CORNER E-13 T36N-R26W

I, William Lenca, in a field survey on May 25, 1900 do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and /or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

- 1848: Original Survey by James H. Mullett - B.T.'s - Beech, 6" - N73°E - 27 lks.; Sugar, 12" - N33°W - 17 lks. All original evidence for this corner has been destroyed by county road improvements.
- 1989: Certified Survey No. 656 by William Lenca, RLS No. 26461 shows this corner as it relates to other corners in the NE1/4 of Section 5, T35N-R26W.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

We found a Railroad Spike in the centerline of County Road No. 358 (East - West) and in line with the centerline of a County Road running North. This position matches measurements shown in Certified Survey No. 656, fits well with existing lines of occupation, and is accepted as the best available evidence of the position of the original corner.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

Set 5/8" x 24" Iron Rod/3-1/4" dia. Alum. cap stamped for corner location in Monument Box:

5/8" x 24" Iron Rod/plastic Ident. cap

5/8" x 24" Iron Rod/plastic Ident. cap

4" dia. Cedar

5/8" x 24" Iron Rod/2" dia. Alum. cap marked "WITNESS MARKER"
