I, William Lenca, in a field survey on Aug 20, 1996, do hereby state that under requirements of P.A. 74, Michigan P.A. of 1970, the corner points mentioned in lines 1 and 2 above were in conformance with regulations and rules therefore as required in the current manual of survey instructions of the United States Department of the Interior, Bureau of Land Management or by a decree of a Court of Law and/or that the corner points mentioned in lines 3, 4 and 5 above were in conformance with the rules of the Michigan Board of Land Surveyors or by a Decree of a Court of Law; established, re-established, monumented, recovered, found as expressed below:

NOTE: Not more than 2 corners, all in the same town and range, may be recorded on this certificate.

A. Description of original monument and accessories and/or subsequent restoration:

1852: Original Survey by George Adair - B.T.'s - Cedar, 16" - N66°E - 19 lks.; Cedar, 12" - S26°W - 22 lks. All original evidence for this corner has been destroyed by logging activities.

B. Description of corner evidence found and/or method applied in restoring or reestablishing corner:

We computed the double proportional location for this corner, between the SW Corner (C-3) of Section 5 and the SE Corner (G-3) of Section 4, and between the NE Corner (E-1) of Section 5 and the E1/4 Corner (E-4) of Section 8, T37N-R25W. We then traversed to this location and searched the area. We found no evidence of the original corner accessories, or evidence of subsequent restoration. The double proportional location of this corner fits very well with GLO measurements, and is accepted as a careful and faithful reestablishment of the position of the original corner.

C. Description of monument for corner and accessories established to perpetuate locating the position of the corner:

Set 2" dia. Aluminum Pipe/3-1/4" dia. Alum. cap stamped for corner location:

12" dia. Cedar	S61°E	9.89 feet	Scr. NBT
10" dia. Cedar	S20°W	8.82 feet	Scr. NBT
3" dia. Cedar (Not Blazed)	S83°W	28.19 feet	Scr. NBT
9" dia. Cedar	N21°W	18.68 feet	Scr. NBT
Metal Survey Sign Post	West	1.00 foot	

NOTE: All bearings are magnetic bearings. All distances are measured with steel tape. Distances to trees are to nail in side of tree.
