ATTENTION: Cilent advised that the Corner Common to Sections 10,11,14 and 15 had been removed by Pipeline Construction and that he did not believe that it had been placed back in the correct position. This Concrete Monument was placed by Frank Smith, in the 1950's as had the Monumentation on the Plat of "YOUNGS PARK", in Section 10, T30N-R2E, THEREFORE, I measured South, from Corner I-4 to the 1/8th Corner, opposite the Northeast Corner of Lot 15 of said "YOUNGS PARK", which measured 33.00 feet East of "SMITHS" concrete monument at said Northeast Corner of Lot 15 and Set a 1/2" re-rod, ID Cap and Wood Stake on line and at the same distance South, "M-32 HWY" of said 1/8th Corner, which was 1.51' East and o.06' North of the Concrete Monument that had been RE-Set at Corner 1-5. I then measured between Corners 1-5 and 1-6 and set a 1/2" Re-Re ID Cap and Wood Stake at the 1/8th Corner, on Line and at equal distance between said Corners 1-5 and 1-6, which was 2.63° East and 0.18° South of an Iron found, at this position.
