7" Poplar	-	N87W	-	43 links

DESCRIPTION IN DETAIL AS TO HOW CORNER WAS LOCATED AND IDENTIFIED OR RESTORED.

This corner was found by Forestry Division survey crew while making a survey in this area. Found a 1" pipe in concrete at old fence corner which has obviously been accepted as the town corner. Corner was used to lay out Hoeft St. Park, and also by Lehigh Portland Cement Co. engineers in a survey of their holdings. Corner appears to have been accepted locally and is considered the best available evidence of the proper location for the corner. No government BTs left.

Corner was witnessed May 20, 1959.
